

RAUF MUSTAFAZADE

FULL-STACK

ABOUT ME

Full-Stack developer with experience in building responsive web applications using React on the front end and C#/ASP.NET on the back end. Skilled in UI implementation, API integration, and working with MS SQL. Strong in teamwork, problem-solving, and delivering clean, user-focused solutions.

EXPERIENCE

QafkazNet

Front-End

Building a sports website using **Next.js** and **Tailwind** CSS; developing responsive UI components and pages.

October 2025 - Present

Rabita Bank

Front-End Intern

Interned at Rabite Bank as a Front-End Developer, where I worked on layout design, made interface adjustments, and tested website functionality.

February 2025 - July 2025

Erasmus+ training course

Erasmus+ Project Participant | Stubičke Toplice, Croatia (HUKI) — Produced social media video content (scripting, filming, editing).

Collaborated with an international team (25 participants, 7 countries), strengthening teamwork and communication.

November 24 - 1 December, 2024

Formula 1 Volunteer

Volunteered at international Formula 1 events, managing large crowds and ensuring safety. Developed problem-solving skills, worked under pressure, and collaborated with diverse teams to enhance the spectator experience.

September 10-15, 2024
